

# Lovely Hula Girl

Lovely hula girl  
I'm in a whirl  
Crazy over you.

In your lovely hands  
All of my plans  
Promise to come true.

Lovely hands that seem to say  
Happiness can pass my way  
So share all the love you can send  
Caring not how it may end.

Sunset is aflame burning your name  
In the skies above  
And the silent night shines with a light  
In the eyes I love.

All the things I ever knew  
All my world is only you  
Whirling in the dance you do  
Lovely hula girl
